ABOUT SETH M. R. JAIPURIA SCHOOL, BALLIA

An academic institute should stand for dreams, building of character & skills, and defining a person's life. At Jaipuria, we understand that the years that a student spends with us would 'shape or break' that individual, so there is great power and greater responsibility in the hands of the school. The purpose of Seth M. R. Jaipuria School, Ballia is to prepare a new generation of responsible social leaders that will help the world at large, be proactive to meet the global challenges of the 21st century and surpass the realms of the ordinary. We welcome you to experience this magnificence in your city, Ballia!

MESSAGE FROM THE SCHOOL CHAIRMAN

“Success will come to those who raise their standards to achieve it.”

Conventional teaching methods are now relics of the past. India is going through humongous socio-economic and socio-political changes and is poised to become a super power in the next couple of decades. To see her through to this ultimate goal, she will need future citizens who are empowered with the requisite learning. I am pleased to state here that our goals and vision are in total synchronicity with that of our nation and it will be our unstinting endeavor to equip our students with global standards of learning so that our children become the masters of our destiny.

At Jaipuria School, education will go beyond books to instill social consciousness, inclusivity, ethics and an all-round personality with a healthy mind and body. That is the Jaipuria way of life and learning. It is also important for our youth to have cultural consciousness and the ability to appreciate the rich heritage of our visual and performing arts. Jaipuria School will ensure that students from their early years are exposed to and encouraged to appreciate and imbibe visual and performing arts.

I look forward to welcoming you and your child to the Jaipuria family, and firmly believe that you will be proud to be a part of this family.

MESSAGE FROM THE SCHOOL DIRECTOR

GLOBAL EDUCATION WITH AN INDIAN SOUL

Welcome to Seth M. R. Jaipuria School, Ballia!

A true leader is a liberated thinker. The process of liberation begins when you start to think for yourself. When you think you learn and you imbibe new thoughts and perspectives. This in turn helps you innovate and think out of the box. When you can think differently, you can make choices and decisions that are unconventional. These unconventional choices and decisions are what will set you apart from the crowd and establish you as a leader rather than the led.

Education is not merely the acquiring of a degree; it is an enduring process that should have an effect on your thoughts and actions, even after you graduate. Your education can become a leadership training exercise only when you are an active participant in the process of opening your mind to knowledge, experiences and ideas.

We are very glad to bring to Ballia a champion of educational excellence. We present to you Seth M. R. Jaipuria School, Ballia, where, we put the student at the heart of the educational process. A student's tenure at Jaipuria will be marked by a number of academic and non academic opportunities, each of which will help the student develop into a successful individual, true leader and above all good human being. From in-class sessions to field trips, from experiential learning to festivals and events, every day at Jaipuria is a day our students learn and develop.

A world of learning and a plethora of experiences await you within our school. Welcome to Seth M. R. Jaipuria School, Ballia! Welcome to your future.

MESSAGE FROM THE SCHOOL PRINCIPAL

ENCOURAGING OVERALL DEVELOPMENT

Greetings from Seth M. R. Jaipuria School, Ballia!

School Education has also adapted to the global churning. Although central problems that a school faces remain- What to teach? And How to teach? But the answers are different today. The focus is on; 'Processing information' rather than on 'collecting information'; on 'acquiring skills' more than on 'acquiring knowledge'; on managing self as a leader as well as team player; on being physically fit; on being socially responsible and on being globally aware. The responsibility of school weighs more today as it is the only institution where children spend the most impressionable 14 years of their lives. We at SETH M. R. JAIPURIA SCHOOL, BALLIA realize this mammoth responsibility and are fully geared up in terms of a comprehensive curriculum & effective pedagogy; updated technology and state of the art infrastructure; vibrant community-school interface and continuous international exposure, to deliver the same.

Our in-house curriculum includes the Basic Life Skills, without which no meaningful life can be lived. Our Clubs develop and hone diverse interests and skills. A plethora of our sports activities prepare our students to use failures as stepping stones to success, Academics remains the backbone under able & continuously trained faculty.

Although the world has been scarred by terrorism, greed, selfishness but at JAIPURIA SCHOOL BALLIA we are seeking yet a forgotten age of innocence. We are filled with hope that the coming years will bring about a change in attitude and we shall fulfill our responsibility of carrying into each home the message of cheer and culture, of freedom and prosperity, of life and light. With clear vision and steady steps we shall march forward.

We invite you to share the joy and success in nurturing the future of this universe

SCHOOL ACADEMICS

The Jaipuria curriculum is cutting-edge, truly avant-garde. At the very minimum it is a carefully planned, deliberately put together curriculum that has progression of all subjects across all grades synergized. It has been painstakingly reviewed and finalized under supervision of stalwarts of academia.

• Academic Content

As a support, a school receives Curriculum superstructure across all subjects, which is essentially progression of the curriculum from Nursery all the way to Grade 12.

• Learning goals

The curriculum is designed such that lessons are taught with an aim to achieve higher order thinking.

Pedagogical Profiles: The functional document for the teacher is what the curriculum defines as a 'pedagogical profile'.

Pedagogical profiles (PP) have been created for each topic in every grade and subject, and include Daily Lesson Plans. These profiles have a summary sheet and a set of lesson plans. The topic summary sheet indicates the pedagogical approach, the grade, number of topics in the subject, number of periods allotted for the particular topic, worksheets and all is linked to learning + assessments. Thus far, we have created over 12,000 lesson plans- around 5 lac sheets of paper- for lesson plans.

• Academic Support from the Delhi Corporate office

Guidance for co-curricular and extra-curricular activities: Our focus of providing integral education to every student is vital. We provide our students with avenues for pursuing excellence in their talent area, including Visual & Performing Arts, Sports & Games, and Life Skills.

Co-curricular activities prepare students practically for the future.

Besides these, along with the Principal, yearly calendar of activities (both academic and non-academic) would be made for easier managing of the school.

Guidance for setup of language labs, mathematics lab, and similar at school. Multiple trainings of teachers and staff
Academic and Operational Audit .

This enables our students and teachers to reap the benefits of student and faculty exchange, teaching, research and fellowship programmes. There are collaborations of Jaipuria with 12 universities world-wide, and more symbiotic relationship is being worked with international schools of repute.

We have been fortunate to get international fame and acclaim.
